Caring together

**European Dialysis and Transplant
Nurses Association / European
Renal Care Association**

Become a part of the
EDTNA/ERCA Community!

Who We Are

The European Dialysis and Transplant Nurses Association/European Renal Care Association (EDTNA/ERCA) was established in 1971 to address the special needs of nurses, social workers, dieticians, technicians, transplant co-ordinators, unit managers and teachers, educating and caring for patients with chronic kidney disease and those requiring renal replacement therapy.

Today, the Association has 2500 Members from 73 countries in Europe and from around the world. EDTNA/ERCA aims to:

- Be **THE** recognised multidisciplinary renal care Association in Europe.
- Achieve a high level of renal quality care for patients and their families.
- Develop and continually update standards of renal care.
- Promote the advancement of renal care through education and continuous professional development.
- Promote via its members an awareness of social, cultural and ethical implications involved in the provision of renal care.
- Initiate, promote and conduct research in renal care.
- Encourage communication and cooperation between all members of the multidisciplinary team involved in the provision of renal care.

Membership Benefits

As an EDTNA/ERCA Member you will benefit from sound professional support, professional knowledge exchange and numerous personal learning opportunities on a National and International level.
