

The Covid – 19 pandemic changed our lives, plans, and dreams.

- Despo has been selected as a member of the Infection Committee at Larnaca General Hospital.
- Despo thoroughly ensured the protection of haemodialysis patients during the covid-19 pandemic by taking appropriate measures and strictly observing relevant protocols.
- As a Brand Ambassador, Despo secured free PPE for nurses from the Pancyprian Organization for People with Kidney Disorders, thus enabling patients to have the best and most effective protection during the pandemic.
- As a Brand Ambassador, Despo supported staff from the Famagusta hospital haemodialysis department during the pandemic with free PPE, as well as in a variety of other ways.
- Despo is continually supporting patients affected strongly by the COVID-19 pandemic, because it is her belief that we must all help out each other in these strange and unprecedented situations.
- Despo readily supported patients through our Viber group named “RENEUCATION” by sending them relevant informative and educational leaflets regarding the novel coronavirus.

Despo Theodorou is available to answer EDTNA/ERCA related questions.
