SPEAKERS READY ROOM AND SELF TESTING

Your equipment and the internet connectivity can influence the performance and quality of the virtual Conference stream. It is highly recommended to first test these in the **SPEAKERS READY ROOM**.

Technical requirements for speakers and chairs

For a smooth running congress and a simple connection, we recommend implementing the following requirements:

- **Internet connection:** at least 10Mbps upload and 10Mbps download
- **Internet browser:** the latest version of browser Google Chrome, Microsoft Edge or Apple Safari
- **network:** allowed UDP port 9000 for IP address 46.234.106.96
- **sound and video:** we recommend headphones with a microphone and a quality webcam
- **tip for you:** make sure nothing disturbs you during your presentation
- **tip for you:** check the camera position and choose a room with proper lighting.

Next step

- Please make sure to visit the **SPEAKERS READY ROOM** no later than 30 minutes before your session starts, to cede us adequate amount of time to provide you support in case you are facing technical issues.
- To test the stream quality (only available for Chairs and Speakers):
 - Visit the **SPEAKERS READY ROOM**
 - The testing wizard will guide you through the process, to proceed through the test, press the Next step button
 - First test will check your internet connection speeds and browser version.
 - Be aware that the internet speed test is done against our virtual Conference platform directly and may not reflect the local internet speed guaranteed by your provider.
 - After testing your microphone, camera and screen sharing the final test will verify that your network has port 9000 enabled which is required for the screen sharing and live stream connection. If all is successfully tested, you will see a video stream confirming all tests went OK.
 - If any of these tests fail, please contact the technical support directly

Browser and network test

Please test your browser and internet connection.

- **Our tip:** Using LAN cable will give you a faster and more stable connection than wifi.
- **Our tip:** Plugging your laptop to the charger will also increase the performance of the device.

Start test

Browser: OK
Download: 25.52 Mbps
Upload: 14.6 Mbps

Next step

The final test of your connection

This test is testing your current network. If you change your network you need to test your connection again.

Now you will be connected to the virtual room – testing accessibility of port UDP 9000
In front of you, you will see a green animated text telling you what to do next.

ACTIVE PARTICIPATION (SPEAKERS, CHAIRS)

To participate in your session as a **speaker or a chair**, please navigate to **MY REMOTE PARTICIPATION**. This will enable you to actively contribute to the session, speak, present etc. after the technical chair enables these features to you.

After entering **MY REMOTE PARTICIPATION** section, you will see your assigned sessions only

- To join the session, click on: **Enter the Session** button
 - This button will be active only after the session is open for participation
 - Button is active 10 minutes before the start time of the session

The screenshot shows a navigation bar with tabs: ABOUT ME, LOBBY, PROGRAMME, E-POSTERS, EXHIBITION, HELPDESK, VIRTUAL HALLS, and SPEAKERS READY ROOM. The 'MY PARTICIPATION' tab is highlighted with a green circle. Below the navigation bar, there is a yellow information box stating: "Next to your presentation you can see an icon, that indicates whether your talk will be recorded and made available to watch on demand for the registered participants during the rest of the conference. In case you want to change it, click on the icon, select 'I disagree' and submit. The icon will change." Below this is a green notification box: "Your browser is supported. Everything should work fine." The main content area contains text explaining the session participation process and a list of instructions for chairs and speakers.

The following table lists all the session you participate in remotely. You are either the chair of the session or the speaker at the presentation. The "Enter session" button will not be active (green) until the session starts. After entering the session, you will find:

- **Chair:** Your microphone will automatically turn on and you will see a picture from the hall and hear what is happening in the hall. Remember that your microphone is turned on as soon as you enter the session.
- **Speaker:** You will see a picture from the hall and hear what is happening in the hall. Your microphone will be muted when you enter the session. You will watch the program in the hall and wait for your presentation to take place. Your presentation will be started by a technician when prompted by the chair. The first slide of this slide show appears automatically, and your microphone turns on. Below the presentation window will be the controls for moving the slides. When you finish your presentation, you'll still be in the session and your microphone will be muted automatically.

You can turn your microphone and webcam on and off while you're in the session. You can leave the session yourself by pressing the "Leave session" button, or you will leave the session automatically when it is finished.

Sessions with your remote participation

The screenshot shows a session card for "Moderated Opening Ceremony (Welcome Speeches)" on 16.03.2021, Tuesday, from 14:45 to 15:15 in Prague Hall. The session is currently "In progress". The chair is Johnny Depp. A green checkmark icon is visible in the top right corner of the card, and the "Enter the session" button is highlighted with a green circle. Below the session card, there is a preview of the ongoing presentation titled "Welcome by Moderator!" with speakers Steven Seagal, Ales Basik, Jan Kolar, and Jakub Novak. The time is 15:18 and the duration is 6 minutes.

A. CHAIRS

Your microphone is automatically activated as soon as you enter the session, and you are able to speak to the audience, to other chairs and all speakers in the session for the duration of the session.

- You will also hear our technical support, who will be allowed to speak to current presenting speakers at your request.
- Under the preview of the ongoing presentation, you can always see the schedule of the entire session and who is already remotely present in this session (their names are highlighted in green).
- The chair moderates the session/ single presenter: he/she introduces the author and manages all questions during the life discussion of the sessions.
- The co-chair remains in the background and he/she is responsible to observe the chat box. He or she can always raise any of the questions in the Q&A box which was not answered

yet. In case of technical problems, the co-chair informs the technical support of Guarant to provide help. He/she shall be also responsible for keeping the time of the session.

B. SPEAKERS

After entering the session, you can hear the chairs and the current speaker and see a preview of currently running presentations.

- Your microphone and presentation sharing remain inactive until enabled by the chair.
 - The technical support will automatically launch your pre-recorded presentation.
 - Once your pre-recorded presentation is over and when enabled/prompted by the chair, a screen-sharing window will automatically appear on the screen and your microphone will be activated for discussion.
- Please make sure you have provided your pre-recorded presentation in advance by **April 1 2021**.
 - Before entering the session, **please make sure that you have passed the Speakers Ready Room test.**

LIVE STREAM AND Q&A

To attend the running sessions, you can find the actual LIVE sessions under the Live Stream button. Here you can find your desired section/hall and the list of sessions will be presented to you. Please click on the hall to enter the stream.

Under **Live Stream** there is an Virtual hall available according to the program:

- Once you click on the room, you enter live stream Conference.
- For having open program next to the live streaming, we suggest to open program on another tab of the web browser.

! While attending the live stream of the Conference participants have the option to raise their questions in 2 ways **!**

Questions: Serves as chat for the currently running presentation. It is closed when the presentation ends and cleared before start of next presentation.

Discussion: Is open for the whole room and available through-out the full duration of the event for continuous discussion.

! During your presentation, the questions are reviewed by the chair and will be read by him/her after your presentation ends.

NETWORKING

The networking feature enables you to connect with any participant of the conference through our secure platform, the same way as it allows everyone to connect with you. It is up to the contacted persons to decide if they want to network with you. No contact detail or personal information is shared between the two sides and the communication is managed only through the virtual platform. Networking is entered by

clicking the **letter icon** next to your profile.

Contacting someone

- In the networking page, please **enter the name** or better select your desired contact from the list and compose your message to them.
- Reply to message/ongoing networking

HELPDESK

In case you face technical difficulties and need support from our technical team, please contact us through the **Helpdesk** menu. Here you can find links to download system manuals or use the **Chat** option to communicate directly with our support personnel.

Type your message to the chat box and click **send**, this will add your chat in to our support queue and one of our agents

will reply to you as soon as possible.

- You can leave the chat and return to it at any time, it will stay saved for you.
- You can have the chat open in separate browser window while still watching the live stream or visiting other part of the online event.
- The Helpdesk operating hours will be posted soon
