

Saturday, September 10th, 2022

16:00-17:00	Willem Burger Zaal
	<p>S 01 Plenary Session Chairs: Ilaria de Barbieri, EDTNA/ERCA (Italy) & Edita Noruisiene, EDTNA/ERCA (Lithuania)</p> <p>Violence and Aggression in renal care - A guide for nurses Anastasia Lioussatou, EDTNA/ERCA (Greece)</p> <p>Plastic cannulae versus metal needle cannulation in haemodialysis: Results of an international survey from the nurse perspective - A joint project between EDTNA/ERCA & Medtronic Irene Selle, Medtronic (Italy) & Ilaria de Barbieri, EDTNA/ERCA (Italy)</p> <p>Nurses' knowledge on the management of patients with CKD associated Pruritus receiving haemodialysis- Preliminary survey results - A joint project between EDTNA/ERCA & CSL Vifor Anastasia Lioussatou, EDTNA/ERCA (Greece)</p> <p>Green Excellence in Dialysis - Importance of Sustainability in Dialysis from Provider Perspective - A joint project between EDTNA/ERCA & B.Braun Avitum AG Christopher Boeffel, B. Braun Avitum AG (Germany)</p>
17:00-17:15	Break
17:15-19:15	Willem Burger Zaal
	<p>S 02 Opening Ceremony Chair: Ilaria de Barbieri (EDTNA/ERCA President)</p> <p>Where are we going? The future of kidney nursing GS: Ann Bonner (Australia)</p> <p>Optimizing nephrology care: some take home messages from the Little Prince GS: Wim van Biesen (Belgium)</p> <p>What next for kidney patients after Covid – are we going back to the future? GS: Fiona Loud (United Kingdom)</p> <p>Vascular access care - current state of the art and beyond GS: František Lopot (Czech Republic)</p>
19:15-21:45	Welcome & Exhibition Opening

9:00-10:30							
Willem Burger Zaal		van Weelde Zaal		Schadee Zaal		van Beuningen Zaal	
S 03 Corporate Education Session - Fresenius Medical Care Nurses - natural born leaders? Chairs: Josipa Segota (Germany)		S 04 Ethical, psychological and social impact of CKD Chairs: Mike Kelly (Ireland) & Angela Drähne (Germany)		S 05 DUTCH KIDNEY FOUNDATION & EUROPEAN KIDNEY HEALTH ALLIANCE The Decade of the Kidney Chairs: Ilaria de Barbieri (Italy) & Jeanette Finderup (Denmark)		S 06 Leadership & Risk Management Chairs: Debbie Fortnum (Australia) & Jitka Pancirova (Czech Republic)	
Nurse leaders hidden in plain sight Suzanne Mitrovich (Germany)		ID: 6	The Compassionate Mindful Resilience (CMR) programme for people with kidney disease Anna Wilson (United Kingdom)	The Decade of the Kidney™ campaign is a pan-European campaign which aims to put the spotlight on kidney disease at EU level for the next ten years by pushing for ground breaking therapies for kidney patients to enhance their life's expectation and quality of life.		GS	RenalPro: a world of experience in renal care is an e-mail away Elisabeth Lindley (United Kingdom), Chava Kurtz (Israel)
Using evidence to challenge established clinical practice Ricardo Peralta (Portugal)		ID: 34	Determining the burden of caregivers of hospitalized and dialysis patients Canan Sayan (Turkey)	Tom Oostrom (CEO Dutch Kidney Foundations) & Eveline Scheres (General Manager EKHA)		ID: 11	Understanding nephrology nurse practitioner domains of practice: results of a national survey Ann Bonner (Australia)
Developing Head Nurses now for the future Gorana Radakovic (Bosnia and Herzegovina)		ID: 25	Financial hardship and symptom burden in patients on dialysis: A systematic review of literature Marques Shek Nam Ng (Hong Kong)			ID: 10	Testing the validity of the McIntyre Audit Tool to measure haemodialysis nurse sensitive indicators. David McIntyre (Australia)
Establishing nurse leadership by building bridges Joao Fazendeiro (Portugal)		ID: 67	Sleep quality and its association with quality of life domains in a haemodialysis population Sokica Gegovska (North Macedonia)			ID: 102	Clinical governance in a hemodialysis unit- multidisciplinary care team perceptions Ricardo Duarte (Portugal)
Nurses voice at the executive table Kathleen Belmonte (United States)		ID: 48	Loss, grief and care. Nursing competence development for patients receiving haemodialysis and their families Hanne Agerskov (Denmark)			ID: 113	How to prevent Venous Needle Dislodgment: Scoping review Carlos Gonçalves (Portugal)
Uncovering leadership talent Marjelka Trkuja (Croatia)		Discussion				Discussion	
Panel discussion							
Coffee Break							
11:00-12:30							
Willem Burger Zaal		van Weelde Zaal		Schadee Zaal		van Beuningen Zaal	
S 07 Corporate Education Session - Diaverum Artificial Intelligence and digital advances (Renal Nursing Care) Chairs: Suzanne Pearce (Sweden)		S 08 Vascular Access 1 Chairs: Ruben Iglesias (Spain) & Silvia Corti (Italy)		W 01 Understanding mental health and kidney disease Chair: Claire Carswell (United Kingdom)		S 09 Green Expertise Session Chairs: Jitka Pancirova (Czech Republic) & František Lopot (Czech Republic)	
Introduction		ID: 50	Covid-19 pandemic and vascular access care in hemodialysis patients Gabriela Stanoevska (North Macedonia)			Green Excellence in Dialysis Jitka Pancirova (Czech Republic)	
Diaverum Digital Landscape Carlos Lucas (Sweden)		ID: 153	To measure is to know: Pain measurement by shunt and graft cannulation Wil Jansen (the Netherlands)			Step by step to Green Dialysis Martin Meier (Germany)	
Treatment Guidance System - A Nursing Digital Tool Israel Silva (Sweden)		ID: 94	What factors are associated with stenosis of the arteriovenous fistula drainage vein? Helder Araújo (Portugal)			Green Recommendations for Sustainable Kidney Care Vanessa Hoehle (Germany)	
Digital Clinical Audit Tool Filiz Akdeniz (Sweden)		ID: 26	Implementing a New Cannulation Technique in Arteriovenous Fistulas (AVF). From Buttonhole to Rope-ladder Sarah Rytter (Denmark)			Step by step to Green Association Eugenia Golland (Israel)	
Q&A		ID: 99	Measuring vascular access recirculation and blood flow rate - interpretation Veronika Hlaváčková (Czech Republic)			ID: 85	Why is it important to monitor the amount of hazardous waste at dialysis centres? Eva Zálesáková (Czech Republic)
		ID: 40	Education program for cannulation by ultrasound amongst dialysis nurses Eugenia Golland (Israel)			ID: 80	Home haemodialysis from the aspect of reducing the environmental burden caused by dialysis treatment Helena Jeřábková (Czech Republic)
Lunch break							
12:30-14:00		14:00-15:30					
Willem Burger Zaal		Ruys Zaal		Schadee Zaal		van Beuningen Zaal	
S 32 Industry Lunch Symposium - Hansa 12:45 - 13:45 Chair: Rainer Oberbauer (Austria)		S 10 Lunchtime discussion: Exploring the unmet sexual health needs of patients with kidney disease. Let's talk together! Chair: Clare McKeaveney (United Kingdom)		S 11 EDTNA/ERCA Accreditation of Renal Education Programs - come learn more! Chair: John Sedgewick (United Kingdom) Theodora Kafkia (Greece)		S 12 Dutch Country Meeting (Taal: Netherlands) 12:45-13:45 Chair: Aase Riemann (the Netherlands)	
Latest advances in desensitisation options for kidney transplant patients Rainer Oberbauer (Austria)							
Adaptations to the Kidney Paired Exchange algorithm help to match highly sensitised patients Marry de Klerk (the Netherlands)							
14:00-15:30		15:30-16:00					
Willem Burger Zaal		van Weelde Zaal		Schadee Zaal		van Beuningen Zaal	
S 13 Haemodialysis 1 Chairs: Alirio Belchior (United Kingdom) & Danijel Pripeljas (Croatia)		S 14 End-of-life & Conservative Kidney Care Chairs: Anastasia Liossatou (Greece) & Debbie Fortnum (Australia)		S 15 EDTNA/ERCA & ANN UK Joint Session Dialysis Access: Patient safety and experience Chairs: Helen Spooner (United Kingdom) & Catherine Fielding (United Kingdom), Karen Jenkins (United Kingdom)		S 16 DOPPS Clinical Symposium Program The DOPPS Program - Latest findings on dialysis practice and outcomes Chairs: Ilaria de Barbieri - EDTNA/ERCA President Anna M. Marti Monros- EDTNA/ERCA DOPPS Project Manager	
ID: 121	Hemodialysis patients' knowledge about intradialytic medication Ligia Silva (Portugal)	ID: 58	Caregiver experiences of conservatively managed end-stage kidney disease: A study protocol Claire Carswell (United Kingdom)	Patients' experiences of vascular access for haemodialysis Catherine Fielding (United Kingdom)		CKDOPPS - Conservative kidney management Anna M. Marti Monros (Spain)	
ID: 133	Health-related quality of life and symptom burden across a large multinational dialysis organisation Israel Silva (Sweden)	ID: 59	Decision-coaching preparing patients with chronic kidney disease for making end-of-life decisions: a case study Louise Engelbrecht Buur (Denmark)	Life threatening vascular access bleeds – prevention and best practice management to maintain patient safety Helen Spooner (United Kingdom)		Longer term trends in dialysis survival – what are reasons for the improvement? Michel Roden (Belgium)	
ID: 87	Are we doing medication correctly? Harun Kanmaz (Turkey)	ID: 105	Conservative management as an alternative to hemodialysis in chronic kidney disease patients: scoping review Fábio Rodrigues (Portugal)			Pruritus/other PROs Marisa Pegoraro (Italy)	
ID: 145	Patient-tailored live music intervention for patients undergoing haemodialysis: A cluster randomized controlled pilot study Margrethe Langer Bro (Denmark)	ID: 137	Perspectives on nephrology-tailored geriatric assessment as shared decision making tool for older pre-dialysis patients Noeleen Berkhout-Byrne (the Netherlands)			PD – understanding time on therapy and transitions to HD and transplant Maria Arminda Tavares (Portugal)	
ID: 15	Interest and perceived capability of self-management in a hemodialysis unit Chava Kurtz (Israel)	ID: 142	Living will - casuistry of a hemodialysis unit Joana Ramos (Portugal)			Panel Discussion - All speakers and audience	
Coffee Break							
16:00-17:00							
Willem Burger Zaal		van Weelde Zaal		Schadee Zaal		van Beuningen Zaal	
S 17 Infection Control & COVID-19 part 1 Chairs: Angela Drähne (Germany) & Anna Klis (Poland)		S 18 New Perspectives & Technology Chairs: Theodora Kafkia (Greece) & Stavroula Vovlianou (Greece)				e-Poster Session 1 Chairs: Aase Riemann (the Netherlands) & Sabine Nipshagen (Germany)	
ID: 18	COVID 19: Predictors of adverse outcome in 32 hemodialysis patients in Greece. Vasiliki Zoi (Greece)	ID: 41	eHealth as part of the treatment of kidney transplantation – a Scoping Review Joana Rita Castro (Portugal)			ID: 100	Cognitive impairment in hypertensive and hemodialysis patients Cvetka Krel (Slovenia)
ID: 74	Vaccination against COVID-19 in haemodialysis patients: Humoral response at 3 and 6 months. Joao Fazendeiro Matos (Portugal)	ID: 135	Measuring patient perception care in a multicultural global renal company. Filiz Akdeniz (Sweden)			ID: 114	TGS as a digital tool to prevent Venous Needle Dislodgment Dora Monteiro (Portugal)
ID: 84	COVID-19 death/case ratio and impact of vaccination in hemodialysis patients. An observational study. Harun Kanmaz (Turkey)	ID: 126	Use of Bortezomib and Plasmapheresis in Multiple Myeloma and kidney failure - nurse role Domagoj Purgar (Croatia)			ID: 129	From vision to reality- more patients should be offered home hemodialysis (HHD) Charlotte Mogensen (Denmark)
						ID: 149	Anticoagulation of the hemodialysis catheter with heparin/citrate: retrospective study Juliana Costa (Portugal)
						ID: 14	Israeli first decades' immigrants and kidney stones: What can be learned from history? Ronen Segev (Israel)
Break							
Annual General Meeting 2022							

9:00-10:30		Willem Burger Zaal	van Weelde Zaal	Schadee Zaal	van Beuningen Zaal
		S 19 Peritoneal Dialysis & Nutrition Chairs: Kalliopi-Anna Poulla (Greece) & Maria Tavares (Portugal)	S 20 Haemodialysis 2 Chairs: Evgenia Golland (Israel) & Ditte Plum Olsen (Denmark)	W 02 Ultrasound Guided Cannulation for Vascular Access Chair: Ruben Iglesias (Spain)	e-Poster Session 2 Chairs: Alirio Belchior (United Kingdom) & Reem Alhameedi (Saudi Arabia)
GS	Caring together, multidisciplinary care for PD patients Bettie Hoekstra (the Netherlands)	ID: 03 Effect of Serum AGE, Oxidative Stress Levels on Symptom Severity, Life Quality in Hemodialysis Zulfunaz Özer (Turkey)			ID: 22 Clinical condition and outcomes of 29 COVID-19 inpatients on dialysis. Vasiliki Zoi (Greece)
ID: 27	Interventions that respect intraperitoneal pressure. Improving peritoneal dialysis care. Luisa Seco Lozano (Spain)	ID: 97 Hemodialysis patients' adherence to dialysis treatment two-way perspective: nurse - initiated and patient-initiated participation Zoya Grimberg (Israel)			ID: 37 Croatian experience in immunoadsorption – nurse role Goranka Erzen Matic (Croatia)
ID: 146	Dietary mobile application for patients with chronic kidney disease. Mette Christine Riis (Denmark)	ID: 62 Oral Mucositis in Hemodialysis Patients and Some Factors Affecting Safye Yanmj (Turkey)			ID: 32 Cellular response guards against COVID-19 in a dialysis-patient with undetectable humoral response to vaccination Vasiliki Zoi (Greece)
ID: 69	Impact of vegetarian diet on people with chronic kidney disease. Juliana Silva (Portugal)	ID: 77 Multidisciplinary admission for hemodialyzed chronic renal patients Isabel Moreira (Portugal)			ID: 66 Organizational Factors With Impact on The Management of Hemodialysis Patient Care: A Scoping Review Rúben Tiago Fidalgo (Portugal)
Discussion		Discussion			ID: 76 Centralised access to care of patients treated by home haemodialysis Petr Radović (Czech Republic)
					ID: 83 Relationship between daytime sleepiness and dipper status during 48-hour ABPM in hemodialysis patient Ana Korola (Slovenia)
					ID: 90 Life Projects of Chronic Kidney Disease Patients: What is the evidence? Integrative Literature Review Bruno Pinto (Portugal)

10:30-11:00
