

SCIENTIFIC PROGRAMME
53rd EDTNA/ERCA INTERNATIONAL CONFERENCE

Saturday, October 11th, 2025

Archive Hall

OPENING CEREMONY

Plenary Session

Chairs: Ilaria de Barbieri & Edita Noruišienė

Welcome & Introduction (Iliaria de Barbieri & Edita Noruišienė)

A fairytale for Children
The Renaldi Brothers: A Journey to Health (Liana Poulia)

A Guidebook on Exercise in Chronic Kidney Disease (Pedro Martins & João Luís Viana)

Paediatric Kidney Replacement Therapy: A Guide for Nurses (Tadeja Kokelj Jeršin)

Kidney Transplantation: A Guide to Clinical Practice (Naceur Chouayet)

A Nurses' Guide to CKD-associated Pruritus-Understanding, Communication and Support (Anastasia Liassatou)

Staff Ratio for Dialysis Services Across Europe: Unifying Criteria for a Better Quality Care (Áfra Masià Plana)

A Guidebook on Home Haemodialysis (HHD) for Nephrology Care Team (Joana Fontes)

Kidney Care Health Literacy Initiative: Results from the Survey and Next Steps (Maria Arminda Tavares & Suzanne Pearce)

Chronic Kidney Disease (4-5 stage). A Guide to Clinical Practice (Chrysanthi Avrami)

16:00-17:35

17:35-17:50

Break

17:50-19:20

Opening Ceremony

Chair: Ilaria de Barbieri (EDTNA/ERCA President ad Interim) & Anastasia Liassatou
GS: Prof. Raymond Vanholder: "Addressing Inequities in Kidney Care for a Healthier Future"

19:20-21:00

Welcome & Exhibition Opening

SCIENTIFIC PROGRAMME
53rd EDTNA/ERCA INTERNATIONAL CONFERENCE

Sunday, October 12th, 2025

Infante Hall		D. Maria Hall		D. Luis Hall		Miragaia Hall		Arrábida Hall			
CES Fresenius Medical Care Chair: <i>Raquel Ribeiro (Fresenius Medical Care Germany, Director of Nursing Care EMEA)</i>		Transplantation Chairs: <i>Naceur Chouayet & Susan Rogers</i>		Portuguese National Day		Education Chairs: <i>Theodora Kafkia & Evangelos Latzourakis</i>		e-Poster Session (oral presentations) Chairs: <i>Stavroula Vovlianou & Panagiota Tsikala</i>			
9:00-10:30	<p align="center">"Bridging the equity gap: From Theory to Bedside"</p> <p>Speakers: Suzanne Mitrovich (Fresenius Medical Care Germany, Nursing Care Manager EMEA), Michelle Carver (Fresenius Kidney Care, North America, Chief Nursing Officer, Senior Vice President Nursing and Clinical Services), Laura Hignell (Director Clinical Learning and Education, Global Product Management – Home Therapies, Fresenius Medical Care), Lisa Webb (Fresenius Kidney Care, Asia Pacific, Senior Director of Nursing Care and Clinical Services AP), Adrian Gomez Campos (Fresenius Medical Care, Spain, Head of Nursing, Quality and HS), Iain Morris (Fresenius Medical Care, UK, Senior Manager Training & Education), Björn Englund (Fresenius Medical Care, Switzerland, President Care Delivery International), Marjelka Trkulja (Fresenius Medical Care Germany, Head of Nursing Care CDI)</p>	ID 76	Qatar Pediatric Transplantation experience: retrospective study (Hind Alami, Qatar)	9:00 - 9:30	Cerimónia de Abertura (Ilaria de Barbieri; EDTNA/ERCA, Fernando Vilares; APEDT, Miguel Vasconcelos; Ordem dos Enfermeiros)	ID 69	From challenges to solutions: the impact of personalized care plans on dialysis patients (Biljana Josifova, Republic of North Macedonia)	ID 208	A new tool in your nursing belt: ultrasound guide for AV fistula assessment (Laura Saenz, Spain)		
		ID 82	Recipients' needs and preferences regarding an intervention supporting adaptation post-kidney transplantation: A qualitative study (Kristen Back Pedersen, Denmark)			ID 209	Tailoring initial training for haemodialysis nurses: a competency-based assessment approach (Laura Saenz, Spain)	ID 212	Standardized guide for blood transfusion in haemodialysis: improving safety and quality (Irene Andrade Gómez, Spain)		
		ID 94	Cardiorespiratory fitness in kidney transplant recipients and the effects of home-based rehabilitation (Roseanne Billany, United Kingdom)			ID 158	Nurses' role in kidney health education among young generations: A step toward health equity (Svetlana Cvetkova, Republic of North Macedonia)	ID 213	Depression and anxiety in haemodialysis (Beatriz Pereira, Portugal)		
		9:30-10:30		ID 141	Developing and testing a self-management tool for patients receiving a kidney transplant (Pernille Ladefoged Pedersen, Denmark)	9:30-10:30	Conferência Inaugural- Ambientes de Prática de Enfermagem Positivos Moderadores: Eulália Novais (EDTNA/ERCA) e Arminda Tavares (EDTNA/ERCA) Orador: Olga Ribeiro (Professora Escola Superior de Enfermagem do Porto)	ID 220	Specialized training for specialized care: developing a Train-the-Trainer Program for haemodialysis nursing (Laura Saenz, Spain)	ID 214	Relationship-based care: a theoretical framework. As strong as a nurse's caress can be (Silvia Corti, Italy)
				ID 165	Attitudes of health workers towards organ donation and examination of some affecting factors (Fatma Öztürk, Turkey)			ID 255	The impact of exercise professionals in the implementation of intradialytic exercise (Pedro Martins, Portugal)	ID 221	Inspiratory muscle training - effectiveness in the intradialytic period (Sónia Casado, Portugal)
				ID 206	Assessment of the knowledge of dialysis patients about kidney transplantation and living donors (Fabio Rodrigues, Portugal)			ID 211	The role of Training & Education Lead in advancing haemodialysis nursing practice (Laura Saenz, Spain)	ID 226	Conventional haemodialysis vs Nocturnal haemodialysis: What quality of life? Comparative study (Alexandre Gomes, Portugal)
									ID 231	Needle Selection and Patient Complexity in Haemodialysis: A Preliminary Study (Adrian Gomez, Spain)	
10:30-11:00	Networking coffee break	Networking coffee break	10:30-11:00	Intervalo	Networking coffee break	Networking coffee break	Networking coffee break				
CES CSL VIFOR		Haemodialysis 1 Chairs: <i>Anna Marti i Monras & Hanadi Mezher</i>		Portuguese National Day		e-Poster Session (oral presentations) Chairs: <i>Tadeja Kokelj Jeršin & Eylem Topbaş</i>		e-Poster Session (oral presentations) Chairs: <i>Naceur Chouayet & Danijel Pripeljaš</i>			
11:00-12:30	<p>"CKD-associated Pruritus: Voicing the unseen – Nursing strategies to restore Quality of Life in Dialysis"</p> <p align="center">Welcome and Introduction – Helen Hurst Beyond the itch – Living with CKD-aP and its real burden – Daniel Gallego Making the invisible visible: Nurse leadership to restore Quality of Life – Helen Hurst Tools and techniques of pruritus assessment and communication – Anastasia Liossatos Clinical insights: Latest data and outcomes on CKD-aP and Difelikefalin – Lucio Manenti Round table discussion chaired by Anastasia Liossatos Conclusion and call to action – Helen Hurst and Anastasia Liossatos</p> <p align="center">Summary:</p> <p>A dynamic and interactive session exploring the impact of CKD-associated pruritus (CKD-aP) and discussion around practical tools and communication techniques that strengthen collaboration between nurses, nephrologists, and patients.</p> <p>Special focus will be placed on the pivotal role nurses play in leading pruritus-centered screening and care.</p> <p>The session will also highlight real-world experiences with Difelikefalin (DFK) administration and discuss future directions in managing this challenging condition.</p>	ID 29	Comparison of Dialysis Symptom Index in people with Chronic Kidney Disease and Diabetic Nephropathy (Theodora Kafkia, Greece)	11:00-13:00	Mesa Redonda - Hot Topics Acessos Vasculares Moderadores : Clemente Sousa (APEDT) e Joana Fontes (EDTNA/ERCA HD Consultant) - Consulta avançada de Enfermagem em Acessos Vasculares – Sílvia Ramos (Davita, Portugal) - Desafios e oportunidades na promoção do autocuidado em pacientes com FAV: evidências de um estudo – Filipa Cabrita (Braun, Portugal) - Modelo de Tomada de Decisão para a canulação do Acesso Vascular – Rui Pinto (ULS Coimbra - CHUC) - Programa de Monitorização e Vigilância dos Acessos Vasculares – Carlos Gonçalves (Diaverum, Portugal) - Mudança de paradigma na canulação da FAV: MuST, da evidência à prática clínica – Ricardo Peralta (Fresenius Medical Care, Portugal)	ID 4	Conservative therapy in end-stage renal failure, treatment in a Dutch hospital (Sanne Borremans, The Netherlands)	ID 236	Vascular access under regular surveillance - which causes can be identified? (Carlos Goncalves, Portugal)		
		ID 39	Time to recovery after haemodialysis, evaluation of novel routine for fluid management (Jenny Stenberg, Sweden)			ID 10	Motivating factors of patients on haemodialysis therapy to manage with the disease (Jūratė Ezeškieienė, Lithuania)	ID 237	Vascular access surveillance through volume flow measurement - comparison between selective and universal screening (Miguel Bento, Portugal)		
		ID 64	Impact of multifaceted nursing interventions on reducing intradialytic hypotension in haemodialysis patients (Merica Linga, Saudi Arabia)			ID 20	Challenges and Analysis of Technicians' Performance in Handling Dialysis Machines: Comparison of Experience Levels (Fatima Aljattabi, Libya)	ID 242	Evaluating Home Dialysis Self-Cannulation Practices: Experience from NephroCare VillageLife and NephroCare Bivres in France (Hedia Hebbi, France)		
		ID 75	Association of intradialytic exercise with mortality and hospitalization: a cohort study (Pedro Martins, Portugal)			ID 21	The Impact of Technicians' Knowledge and Management on Acute and Chronic Dialysis Patient's Outcomes (Rima Gergi, Libya)	ID 250	Kidney injury after human bite: case report (Ibrahim Mahamid, Israel)		
		ID 79	Culturally responsive care for patients receiving haemodialysis: a global review (Paul Bennet, Australia)			ID 25	Artificial intelligence as a tool to address inequities in kidney care and nutritional management (Mattia Bozzetti, Italy)	ID 252	Determinant factors in interdialytic weight gain in renal patients in haemodialysis program (Jéssica Serrão, Portugal)		
		ID 90	Using behaviour change frameworks to synthesise evidence from lifestyle interventions in haemodialysis (Sarah Jasat, United Kingdom)			ID 26	High quality care in times of Nurse-shortages by implementing a team of travel-nurses (Ursula Schneider, Germany)	ID 254	Introducing New Practices in Nursing: Central Venous Catheter Handling (Sabina Frumen Pivk, Slovenia)		
						ID 27	The impact of vascular access on the quality of life of people on haemodialysis (Victoria Antoniou, Cyprus)				
12:30-14:00	Lunch break	Greek Symposium "Renal Transplantation in Greece Nowadays: Facing the Future" Chairs: <i>Stavroula Vovlianou & Panagiota Tsougia</i>		13:00-14:30	Almoço						
		"Renal Transplantation: Challenges and Steps Ahead" Speaker: <i>Sarantzi Xanthi, RN, MSc</i> Clinical Transplant Coordinator, Renal Transplantation Unit Laiko General Hospital of Athens									
		"Renal Transplantation Surgery in Greece in 2025" Chairs: <i>Marianna Eleftheroudi & Eirini Kokkindi</i> Speaker: <i>Barlas Alexandros, MD, FEBS, MSc</i> Laiko General Hospital of Athens									

SCIENTIFIC PROGRAMME
53rd EDTNA/ERCA INTERNATIONAL CONFERENCE

Sunday, October 12th, 2025

	Infante Hall	D. Maria Hall	D. Luis Hall	Miragaia Hall	Arrábida Hall
	PDOPPS Symposium - Vantive <i>Chairs: Ilaria de Barbieri & Anna Marti i Monros</i>	Risk management & Quality Improvement <i>Chairs: Alirio Belchior & Hanadi Mezher</i>	Portuguese National Day	e-Poster Session (oral presentations) <i>Chairs: Claire Carswell & Panagiota Tsikalá</i>	
14:00-15:30	<p>Overview of the International Peritoneal Dialysis Outcomes and Practice Patterns Study (PDOPPS) (Anna Marti i Monros)</p> <p>Sex-Specific Outcomes in The Peritoneal Dialysis Outcomes and Practice Patterns Study (Marisa Pegoraro)</p> <p>International Peritoneal Dialysis Modality and Outcomes (Thyago Proenca de Moraes, Pontifícia Universidade Católica do Paraná, Curitiba, Brazil)</p> <p>Scratching the surface: Pruritus prevalence and association with quality of life in peritoneal dialysis patients (Anastasia Liossatu)</p> <p>Incremental PD start and clinical outcomes: Results from PDOPPS (Ashik Hayat, Princess Alexandra Hospital, Brisbane, Australia)</p>	<p>GS: David Hernán Gascueña: "Nursing Management in Dialysis Units: Leadership and Specialized Care"</p> <p>ID 2 Enhancing respiratory infection prevention in a renal network setting: A clinical strategy implementation (Vasiliki Zoi, Greece)</p> <p>ID 61 The impact of quality management review on the medical outcomes and patient satisfaction (Meshal Alkhuayfi, Saudi Arabia)</p> <p>ID 124 Improving dialysis quality across 27 clinics: a data-driven approach to quality improvement (Yoel Odeh, Israel)</p> <p>ID 218 Monitoring and Analysis of Dialysis Treatment Incidents: A Management Tool for Quality Control (Ruben Iglesias, Spain)</p>	<p>14:30 -16:30</p> <p>Mesa Redonda - Do Ensino à Prática: Construir Excelência na Enfermagem Nefrológica</p> <p>Moderadores: Armanda Tavares (EDTNA/ERCA) e Fernando Vilares (APEDT)</p> <p>Oradores: Clemente Sousa – Formação em Enfermagem de Nefrologia (APEDT)</p> <p>Miguel Vasconcelos – Competências Acrescidas em Diálise (Presidente do Conselho Diretivo Regional da Secção Regional do Norte da Ordem dos Enfermeiros)</p> <p>Abílio Silva (Country Nursing Director Davita Portugal)</p> <p>Inês Fonseca (Country Nursing Director B Braun Portugal)</p> <p>João Fazendeiro (Country Nursing Director Fresenius Medical Care, Portugal)</p> <p>Mónica Silva (Country Nursing Director Diaverum Portugal)</p>	<p>ID 28 The Impact of Work Environment Stress on Job Performance of Dialysis Technicians (Mohammed Fatroush, Libya)</p> <p>ID 31 Health literacy: implications for self-care with the arteriovenous fistula (Ana Coelho, Portugal)</p> <p>ID 33 54 Years of KT experience. The performance report of Greece's higher volume center (Chrysaída Karouni, Greece)</p> <p>ID 40 Health related Quality of life: already impaired in earlier stages of chronic kidney disease (J.A.M. Noelmans, The Netherlands)</p> <p>ID 43 The role of the pre-End-Stage Renal Disease (Pre-ESRD) nurse coordinator: Facilitating comprehensive CKD care (Vasiliki Zoi, Greece)</p> <p>ID 44 Implementation of practical teaching during advanced specialist training by a renal travel nurse (Klara Ahrend, Germany)</p>	
15:30-16:00	Networking coffee break	Networking coffee break	16:30 -17:00 Intervalo	Networking coffee break	Networking coffee break
	Nutrition & Diabetic foot <i>Chairs: Deepa Kariyawasam & Kalliopi-Anna Poulia</i>	Vascular Access 1 <i>Chairs: Ruben Iglesias & Naceur Chouayet</i>	Portuguese National Day	e-Poster Session (oral presentations) <i>Chairs: Afra Masià-Plana & Goranka Eržen Matić</i>	Workshop: Phenomenology and Ethics in Haemodialysis Nursing Care: Exploring Different Cultural Experiences <i>Facilitator: Joana Fontes</i>
16:00-17:30	<p>ID 71 Oral nutritional support of diabetic haemodialysis patients: an adherence and nutritional profile analysis (Vitor Martins, Portugal)</p> <p>ID 123 Liza's plate: Advising on Diabetes and Chronic Kidney Disease or Dialysis (Natalija Kuharič, Slovenia)</p> <p>ID 170 Effect of traditional diets on salt intake, compliance, interdialytic weight gain in haemodialysis patients (Mukadder Mollaoğlu, Turkey)</p> <p>ID 189 The Expansion Of a Dialysis Footcare Program to Improve Patient Outcomes (Lisa Webb, Australia)</p> <p>ID 190 Diabetic Foot Monitoring in Haemodialysis Units: Impact of early referral to prevent severe complications (Ana Veiga, Portugal)</p> <p>ID 256 Diabetic foot surveillance in haemodialysis patients - results of a national program (Rafael Colares, Portugal)</p>	<p>ID 3 Implementation of aseptic non-touch technique in vascular access care in renal care network (Vasiliki Zoi, Greece)</p> <p>ID 22 Evaluation of point-of-care ultrasound (pocus) workshops for peripheral intravenous cannulation in Western Australia (Uli Steinwandel, Australia)</p> <p>ID 66 From challenges to solutions: a comprehensive approach to vascular access in haemodialysis (Ibrahim Assiri, Saudi Arabia)</p> <p>ID 132 Comparison of Self-Care Behaviors Related to Arteriovenous Fistula: Home Haemodialysis vs. Clinical Haemodialysis (Zeynep Yanci, Turkey)</p> <p>ID 157 Influencing factors in arteriovenous fistula needling suitability for haemodialysis (Rui Pinto, Portugal)</p> <p>ID 183 aXess conduit: Early clinical experience. Novel haemodialysis access following Endogenous Tissue Restoration process (ETR) (Guillermo Horcajada, Spain)</p> <p>ID 184 The impact of vascular access types on the quality of life in haemodialysis patients (Anetta Cekala, Poland)</p> <p>ID 193 Training program for nurses in haemodialysis vascular access ultrasound (Telmo Carvalho, Portugal)</p>	<p>17:00 -18:30</p> <p>Speeding Meetings em Português</p> <p>Moderação: Eulália Novais (EDTNA/ERCA) e Maria Saraiva (APEDT)</p> <p>- Impacto da Referência para Ecografia na Patência dos Acessos Vasculares em Hemodiálise - Ana Margalo (Diaverum, Aveiro)</p> <p>- A Influência da Experiência Profissional dos Enfermeiros na Detecção da Estenose da Fistula Arteriovenosa - Vera Miranda (Diaverum, Águeda)</p> <p>- Programa Mentes Ativas - Joana Caramelo (Davita, Portugal)</p> <p>- Consulta de enfermagem à pessoa em hemodiálise: uma oportunidade terapêutica - Carla Dias (BBRAUN, Portugal)</p> <p>- Indicadores Sensíveis aos cuidados de Enfermagem à pessoa em Hemodiálise - Catarina Brito (Diaverum, Portugal)</p> <p>- Cânula plástica: novo normal? - Davide Fernandes (BBRAUN, Portugal)</p> <p>- Soluções Alternativas no controlo da dor durante a sessão de hemodiálise - Oksana Yurk (Escola Superior de Enfermagem de Lisboa)</p> <p>- Visita Domiciliária à pessoa em Diálise Peritoneal - Vera Ferreira (Unidade Local de Saúde Santo António, Porto)</p>	<p>ID 74 Plastic cannula in haemodialysis: new paradigm? (Davide Fernandes, Portugal)</p> <p>ID 56 The evaluation of virtual nurse education program for haemodialysis nurses at Diaverum Saudi Arabia (Mohammad Abusabbah, Saudi Arabia)</p> <p>ID 63 On-line Hemoglobin monitoring (hemoscan) in follow up of hemoglobin in haemodialysis patient (Mohammed Mukhtar, Saudi Arabia)</p> <p>ID 68 Validation of dialysis machine integrated online monitoring in comparison to monthly laboratory measurements (Doaa Mahgoub, Saudi Arabia)</p> <p>ID 77 Necrotizing fasciitis with toxic shock syndrome caused by group A streptococcus - case report (Andrea Sirola, Croatia)</p>	<p>List of speakers:</p> <p>BA Turkey (Eytem Topbaş),</p> <p>BA Israel (Zoya Grimberg),</p> <p>BA Austria (Panagiota Tsikalá),</p> <p>BA Lebanon (Hanadi Mezher),</p> <p>BA Netherlands (Sanne Borremans),</p> <p>BA Slovenia (Sonja Pečolar),</p> <p>BA Italy (Silvia Corti).</p>

SCIENTIFIC PROGRAMME
53rd EDTNA/ERCA INTERNATIONAL CONFERENCE

Monday, October 13th, 2025

Infante Hall		D. Maria Hall		D. Luis Hall		Miragaia Hall		Arrábida Hall		Porto Hall		
Fresenius Medical Care HDD		Vascular Access 2 <i>Chairs: Alirio Belchior & Sabine Nipshagen</i>		Health literacy and Self-management <i>Chairs: Evangelos Litzourakis & Afra Masià-Plana</i>		e-Poster Session (oral presentations) <i>Chairs: Stavroula Vovlianou & Alois Gorke</i>		Workshop: Prescribing Exercise in CKD: A Training Programme for Exercise and Health Professionals <i>Moderators: João Viana, Pedro Martins</i>				
14:00-15:30	<p>"The Nursing role in Home HD : key success factors and best practices sharing"</p> <p>Presenters: Carol Rhodes, Laura Thompson, Sandra Carrasco Rubio</p> <p>Introduction: Nurse role in the patient Renal Replacement Therapy journey</p> <p>Challenge 1: Find candidates for Home HD / Shared decision process</p> <p>Challenge 2: Educate people for Home HD / Adult learning principles</p> <p>Challenge 3: Maintain people on Home HD / Monitoring & Personalized Care</p> <p>Conclusion: Professional experience with Home HD - sharing</p>	<p>GS: Clemente Sousa</p> <p>"3_Level Model: Model for Vascular Access Management"</p>	ID 5	Understanding the connection between health literacy and health equity in kidney care (Ann Bonner, Australia)	ID 152	Enhancing haemodialysis practices: a technical perspective from Libya (Ayoub Alkhuwaylidi, Libya)	<p>"Prescribing Exercise in CKD: A Training Program for Exercise and Health Professionals"</p> <p>Speakers: Ken Wilund: Prescribing Exercise in CKD: A Training Program for Exercise and Health Professionals</p> <p>Paul Bennett: How to start and sustain an exercise program in HD and PD</p> <p>Pedro Martins: Screening and functional assessments</p> <p>João Viana: Exercise prescription</p>					
			ID 172	The Effect of Health Literacy and Dietary Compliance on Comfort of Patients Undergo Haemodialysis (Ibrahim Talha Dündar, Turkey)	ID 159	The effect of predialysis education on the decision to undergo replacement therapy (Ana Korösa, Slovenia)						
			ID 197	Vascular access in octogenarians - analysis of a peripheral haemodialysis unit (Maribel Almeida, Portugal)	ID 186	The Impact of mHealth on Self-Management in Chronic Kidney Disease: A Literature Review (Silvia Silva, Portugal)					ID 161	Statistical data on haemodialysis initiation based on vascular access (Myrto Kreouzi, Greece)
			ID 216	Ensuring Safe Cannulation of Novel Haemodialysis Graft in Clinical Trial: A Nursing Department Strategy (Ruben Iglesias, Spain)	ID 233	Exploring how adults with chronic kidney disease choose their dialysis modality: A qualitative study (Nancy Helou, Switzerland)					ID 162	Peritoneal dialysis: by choice or by necessity? (Erefili Triantafillidou, Greece)
			ID 253	Delivering high-quality Fundamental Care in the cannulation of arteriovenous fistula (Ricardo Peralta, Portugal)	ID 224	Game on in dialysis: how interactive learning enhances knowledge and treatment adherence (Narmeen Mattar Bahouth , Israel)					ID 163	Impact of vascular access type on dialysis adequacy (Erefili Triantafillidou, Greece)
			ID 199	Distal vs proximal arteriovenous fistulas – the perspective of a peripheral haemodialysis unit (Maribel Almeida, Portugal)							ID 166	Adverse events in dialysis care – SWOT analysis (Silvia Pástorová, Slovakia)
			ID 217	Implementation of the Multiple Single Cannulation Technique (MuST) in Spain: Training and Initial Experience (Ruben Iglesias, Spain)							ID 169	The Effect of Chopin's "Spring Watz" and Monet's Paintings on Pain-Anxiety-Comfort in Haemodialysis Patients (Safiye Yanms, Turkey)
15:30-16:00	Networking coffee break	Networking coffee break	Networking coffee break	Networking coffee break	Networking coffee break	Networking coffee break	Networking coffee break	Networking coffee break	Networking coffee break	Networking coffee break		
Haemodialysis 2 <i>Chairs: Alirio Belchior & Sabine Nipshagen</i>		New technologies <i>Chairs: Afra Masià-Plana & Susan Rogers</i>		Healthcare professional's experience <i>Chairs: Joana Fontes & Hanadi Mezher</i>		e-Poster Session (oral presentations) <i>Chairs: Claire Carswell & Maria Eulália Novais</i>		e-Poster Session (oral presentations) <i>Chairs: Marisa Pegoraro & Vasiliki Zoi</i>		Workshop: US and Vascular Access 2 <i>Moderator: Ruben Iglesias & Clemente Sousa</i>		
ID 156	Risk factors for osteoporosis in haemodialysis patients (Myrto Kreouzi, Greece)	ID 210	The impact of the electronic health record systems implementation on professional satisfaction (Catarina Lopes, Portugal)	ID 204	Exploring the behavioral patterns on patient-nurse relationships in haemodialysis care (Paula Dominguez Martínez, Spain)	ID 171	Green dialysis: a Literature review (Peristera Palla, Austria)	ID 263	Preserving mental health in haemodialysis patients (Vesna Cvejić, Serbia)			
ID 215	Assessment and Management of Patient Complexity in Haemodialysis : Experience in One Unit (Ruben Iglesias, Spain)	ID 62	Developing a mobile application to support self-management of dialysis patients (Meshal Alkhalayfi, Saudi Arabia)	ID 38	User experience of a novel routine for fluid management in haemodialysis - a qualitative study (Jenny Stenberg, Sweden)	ID 175	Falls and quality of life in people under haemodialysis (Marisa Martins, Portugal)	ID 264	Pain due to AVF punctions: how can we reduce it (Fatima El Marini, Belgium)			
ID 160	Association of hydration status and physical function in haemodialysis patients (Diogo V. Leal, Portugal)	ID 134	Usability and experience testing of a digital health intervention to support CKD self-management (Courtney Lightfoot, United Kingdom)	ID 58	Why is it so hard to just let people die? (Elisabeth Kristiansen, Norway)	ID 179	Case study of intradialytic hypotension in haemodialysis - nursing interventions for treatment and prevention (Sotrioula Giliki, Cyprus)	ID 207	Beginning of haemodialysis : What experiences? - research project (Isabel Moreira, Portugal)			
ID 181	Guaranteeing access to care for haemodialysis patients during natural disasters: our experience (Mari Paz Sorribes, Spain)	ID 198	Artificial intelligence and renal dialysis: What do we know and where are we going (Alexandre Indício, Portugal)	ID 97	Patient-Centered Comprehensive Care score on Haemodialysis Nurses (Telmo Carvalho, Portugal)	ID 185	Self-care behaviours with arteriovenous fistula in haemodialysis : a study in two Portuguese units (Catarina Brito, Portugal)	ID 257	Training as a factor in the prevention of musculoskeletal disorders among haemodialysis professionals (Almerinda Viana, Portugal)			
ID 192	Reconciliation and Therapeutic Monitoring in CKD patients undergoing Haemodialysis (Rosário Ladeira, Portugal)	ID 135	Exploring the barriers and facilitators to digital health interventions in underserved populations (Courtney Lightfoot, United Kingdom)	ID 174	Motivational interviewing in the care of the person with chronic kidney disease: scoping review (Cristiana Sarmento, Portugal)	ID 191	Frailty indicators in patients with chronic kidney disease undergoing haemodialysis : an integrative literature review (Mário Mateus, Portugal)	ID 235	Vascular Access Detachment – fears of yesterday or reality today (Marjella Trkuja, Germany)			
ID 219	Association of diabetes with sarcopenia in patients on haemodialysis: a nationwide cross-sectional study (Pedro Martins, Portugal)	ID 85	How to maintain and grow a successful home dialysis program using available digital tools (Carol Rhodes, United Kingdom)	ID 230	Relocation of a Dialysis Center During War – Impact on Patients and Nursing Medical Staff (Maha Zaher, Israel)	ID 200	Evaluation of the relationship between dialysis patients' self-care agency and loneliness experiences (Zehra Aydin, Turkey)	ID 121	Haemodialysis arteriovenous vascular access cannulation complications: narrative review of vascular access guidelines (Rui Sousa, Portugal)			
ID 260	Oral health-related quality of life in chronic kidney disease patients undergoing dialysis (Márcia Vandewalle, Portugal)			ID 168	How can we help? Interventions to reduce dialysis stressors in the Dialysis center Kočevje (Sara Diklić, Slovenia)	ID 202	Evaluating user experience in Home Haemodialysis : traditional dialysate bags versus PureFlow Home-Produced dialysate (David Carduner, France)	ID 80	Get cooking for kidney health: engaging dialysis patients in dietary management (Nike Frakes, Hungary)			

SCIENTIFIC PROGRAMME
53rd EDTNA/ERCA INTERNATIONAL CONFERENCE

Tuesday, October 14th, 2025

Infante Hall

Experience of people with kidney disease
Chairs: Joana Fontes & Jeanette Funderup

GS: Mrs Marta Olim: "Beyond disease: choose life"

9:00-10:30	ID 34	Insights from a patient and public involvement meeting in a Danish kidney care study (Ingrid Villadsen Kristensen, Denmark)
	ID 42	Bridging the gap in CKD care: A patient-centered pre-ESRD program (Vasiliki Zoi, Greece)
	ID 125	Self-management barriers and facilitators in people with chronic kidney disease using consumer-led focus groups (Laura Lunardi, Australia)
	ID 138	The patient's perspective: does it align with dialysis adequacy? (Angam Ganayem/Kitani, Israel)
	ID 177	Awareness of the person on dialysis: scoping review (Cristiana Sarmento, Portugal)

10:30 -11:00 **Networking coffee break**

CKD prevention & Symptoms Management
Chairs: Alirio Belchior & Jeanette Funderup

11:00-12:30	ID 15	Sleep disturbances in adults with chronic kidney disease: an umbrella review (Sarah Russo, Australia)
	ID 36	An association study between chronic kidney disease-associated pruritus and depression in individuals undergoing haemodialysis (Anastasia Liossatos, Greece)
	ID 164	A symptom assessment instrument for patients with non-dialysis-dependent chronic kidney disease (NDD-CKD) stages 4-5 (Karen Pugh-Clarke, United Kingdom)
	ID 187	Chronic Pain Management in Haemodialysis Patients: A Pilot Study (Ema Parada, Portugal)
	ID 245	The experience of "feeling cold" in patients undergoing in-center haemodialysis - a phenomenological study (Vivi Bjerrum, Denmark)
	ID 246	How to manage uremic symptoms – developing a clinical decision support tool using Delphi design (Jeanette Funderup, Denmark)
	ID 258	Symptomatology in patients with advanced chronic kidney disease (CKD): results from a cross-sectional study (Karen Pugh-Clarke, United Kingdom)

12:30-12:50 **Closing Ceremony**
Chair: Ilaria de Barbieri (EDTNA/ERCA President ad Interim) & Anastasia Liossatos
