Dear Colleagues,

We are very happy to welcome you to Prague for the 48th EDTNA/ERCA Conference. Last time the Conference was held in Prague was in 2008, now, 11 years later we are back in Prague.

The Scientific Programme is well prepared and there will be several Workshops, Educational Sessions and Poster sessions. New this year are the Courses which will be interactive sessions allowing everybody to share their expertise.

We are, as an Association, in the forefront of Online Communication and it has been a focus for some years and will continue to be one of our focuses for the coming years. Take the opportunity to download the Conference App. It works both for iPhones and Androids.

We should never forget that face to face meetings gives us so much more than just to be in a Video call. It has an important role of educating, exchanging information and experience, utilizing the expertise of all of us i.e. health care professionals, service leaders, academics, researchers, care givers, people with renal disease and industry partners.

Take this opportunity being at the Conference, to share experience with other delegates from around the world focusing on Chronic Kidney Disease.

Together, let’s make this Conference into another EDTNA/ERCA success. Welcome to the 48th EDTNA/ERCA International Conference in Prague!

With very warm regards,

>Edita Noruišiene

EDTNA/ERCA President
ACKNOWLEDGEMENT – CORPORATE MEMBERS

Our Partners’ support, involvement and advice are greatly appreciated. Together we live and act according to our Mission and Vision and we are continuously working on achieving a high level of quality care for patients and their families. Being a Corporate Member sharing the key values, visions and missions of EDTNA/ERCA means that you are a very important part of the EDTNA/ERCA Community. Thank you for your continuous support.
ACKNOWLEDGEMENT – CONFERENCE SUPPORT

We would like to express our appreciation for the valuable support our Industry Partners’ bring by participating at the 48th EDTNA/ERCA International Conference. Our Partners support, involvement and advice are greatly appreciated. Thank You very much!
EDTNA/ERCA BOOTH

Don’t miss the opportunity to visit the EDTNA/ERCA booth located in the Exhibition Area. There will be a lot of opportunities for you to share your experience and knowledge with your friends and colleagues and learn more about our ongoing activities within the Association. Talk to our Volunteers who will share with you the work that they have achieved during the year. The EDTNA/ERCA Brand Ambassadors will be more than happy to help you with any language problems which might occur.

Two new Educational Books will be available for you to pick up at the Booth.

CONFERENCE ACCREDITATION

Accreditation of Learning Hours
The 48th EDTNA/ERCA International Conference in Prague is accredited. To ensure maximum quality in education and a professional Scientific Programme, EDTNA/ERCA has been granted International Continuing Nursing Education Credits (ICNEC) for the International Conference in Prague. The ICNEC are granted by the International Council of Nurses once strict admission conditions are fulfilled.

Participants of the conference will be awarded a maximum of 18 ICNECs. 1 credit is assigned for each 60minutes pent within the session halls, this is flexible and allows delegates to change between sessions and continue to accumulate credited time.

Please, note that not all sessions and workshops are accredited by ICN. If you are interested in receiving ICN credits, please see below the list of sessions not included in the accreditation process:
- S 02 Opening Ceremony
- S 03 Corporate Education Session
- S 08 Round Table Session – Empower PD Patients to Shared Care
- W 04 Empower PD Patients to Self-Care – Validate patient’s skills to perform PD
- Annual General Meeting 2019
- W 07 Workshop – Gaining EDTNA/ERCA Accreditation for your Renal Education Program – What’s Involved
- W 08 Workshop – Home Hemodialysis – Getting a better quality of life for your patients
- S 25 Closing Ceremony

Certificate
The ICNEC certificate is granted by the ICN and requires an Attendance Verification Form. This Form is available at the Registration desk during the Conference and it is to be completed (address and email) and signed by the delegate and should be returned to the Registration staff. A Certificate detailing the number of credits achieved will be provided after the Conference by ICN.

A Certificate of Attendance will be provided by the Registration desk on the final day of the Conference as usual, or you can apply via email at edtnaerca2019@guarant.cz until November 30th, 2019.
With the EDTNA/ERCA 2019 Conference App, you will have the opportunity to increase your interactivity and have the entire conference “in your hand”. So, take advantage and download the App! Get the latest information and enhance your conference experience.

The EDTNA/ERCA 2019 Conference App gives access to:
- Scientific Programme
- Personal Planner / Congress Schedule
- Venue Information
- List of Posters
- Exhibitors
... and much more!

Please follow the instructions to install the Conference Application on your mobile.

iPhone/Android – Go to the Appstore or Google play and download the Application. Name of the Application: **EDTNA/ERCA 2019**

If you have any difficulties in downloading the App or have any problems or questions about how to use it, please visit the EDTNA/ERCA booth and our EDTNA/ERCA Colleagues will support you.

**BEST E-POSTER AND BEST SPEAKER VOTED BY THE DELEGATES!**

Last year we have successfully implemented the Best E-Poster Award voted by the Delegates.

**This year we have implemented a new award – Best Speaker Award!**

The rating will be done by You – our Conference Delegate and it is up to you whom to give the Award to. It is available for all Conference participants via the Conference Application. Use the star rating to vote for the best E-Poster or for the best speaker.

Both awards according to the conference delegates evaluation will be presented during the Closing Ceremony.

Don’t miss out the chance to influence!

### Monday and Tuesday Schedule

- **Hall A1**
  - S 13 Parallel Session Needling with Plastic Cannulae & Vascular Access
  - S 14 Parallel Session European Kidney Health Alliance
  - S 15 Parallel Session Vascular Access
  - S 16 Parallel Session Peritoneal Dialysis
  - S 17 Greek Forum Hypertension in Chronic Kidney Disease
  - S 18 Parallel Session Haemodialysis 2
  - S 19 Parallel Session Caring for the Well-being of Renal Healthcare Professionals
  - S 21 Parallel Session Ethical, Psychological and Social Impact of CKD
  - S 22 Parallel Session Open Forum 2

- **Hall A2**
  - W 04 Workshop Empower PD patients to Self-Care – Validate patient’s skills to perform PD
  - W 05 Workshop An Introduction to Mindfulness Practices: Managing Stress and Anxiety
  - W 06 Workshop An Introduction to Mindfulness Practices: Managing Stress and Anxiety
  - W 07 Workshop Gaining EDTNA/ERCA Accreditation for your Renal Education Program – What’s Involved
  - W 08 Workshop – Physiida Why opt for daily Home Haemodialysis?

- **Hall A3**
  - W 09 Workshop Power of Extra-Ordinary Leadership – The Leadership Challenge
  - W 10 Workshop Power of Extra-Ordinary Leadership – The Leadership Challenge
  - W 11 Workshop Power of Extra-Ordinary Leadership – The Leadership Challenge
  - W 12 Workshop Power of Extra-Ordinary Leadership – The Leadership Challenge

- **Hall B**
  - W 13 Workshop Empower PD patients to Self-Care – Validate patient’s skills to perform PD
  - W 14 Workshop Empower PD patients to Self-Care – Validate patient’s skills to perform PD
  - W 15 Workshop Empower PD patients to Self-Care – Validate patient’s skills to perform PD
  - W 16 Workshop Empower PD patients to Self-Care – Validate patient’s skills to perform PD

- **Tower 1**
  - E-Poster Session A
  - E-Poster Session B
  - E-Poster Session C
  - E-Poster Session D

- **Tower 2**
  - C 03 Course Critical states during a dialysis treatment
  - C 04 Course Violence & Aggression in Renal Care
  - C 05 Course Critical states during a dialysis treatment
  - C 06 Course Violence & Aggression in Renal Care

- **Aesculap Academy**
  - C 03 Course Critical states during a dialysis treatment
  - C 04 Course Violence & Aggression in Renal Care
  - C 05 Course Critical states during a dialysis treatment
  - C 06 Course Violence & Aggression in Renal Care

- **Exhibition Area**
  - E-Poster Session A
  - E-Poster Session B
  - E-Poster Session C
  - E-Poster Session D

- **Registration Area**
  - Registration
  - S 23 Plenary Session CKD & Conservative Renal Care
  - S 24 Plenary Session Risk Management
  - Break
  - S 25 Closing Ceremony
SCIENTIFIC PROGRAMME HIGHLIGHTS

SCIENTIFIC PARALLEL SESSIONS
Invited Guest Speakers discuss the latest developments in renal care during the plenary sessions. Quality Abstracts including the Short orals presentations have been selected for inclusion in the parallel sessions.

S 02  Opening Ceremony
Improving Patient Outcomes Through Implementation Science: An Important Goal in Renal Care
John Sedgewick (United Kingdom)

S 06  The Patient Experience
Engaging the “poorly reached” in kidney research and awareness campaigns
Neerja Jain (United Kingdom)

S 14  European Kidney Health Alliance
Improving the life of kidney disease patients throughout Europe and the EU: the European Kidney Health Alliance
Raymond Vanholder (Belgium)

S 23  CKD & Conservative Renal Care
The Older Dialysis Patient: Issues and Concerns
Alice Hellebrand (United States)

LUNCH TIME SYMPOSIA

S 07  Polish Symposium
Vaccination in hemodialyzed patients
Anna Klis (Poland)

Co-morbidity in hemodialyzed patients as an important aspect of nursing care
Malgorzata Liber (Poland)
Elżbieta Cepuchowicz (Poland)

Nephrological nurses and occupational exposure – how? when? why?
Aneta Trzcinska (Poland)

S 17  Greek Forum
Hypertension in Chronic Kidney Disease
Vassilios Liakopoulos (Greece)

Blood Pressure measurement – technique data
Marianna Eleftheroudi (Greece)

WORKSHOPS & ROUND TABLE SESSIONS

W 01  Workshop
Developing and Maintaining Effective Teams
John Sedgewick (United Kingdom)

W 02  Workshop
Human Factors and Patient Safety: Everybody’s Business
Lesley Bennet (United Kingdom)
Karen Jenkins (United Kingdom)

W 03  Workshop
Involving patients and family members from BAME/poor reached communities in clinical research
Neerja Jain (United Kingdom)
W 04  Workshop

Baxter

Empower PD patients to Self-Care – Validate patient’s skills to perform PD
Maria Arminda Tavares (Portugal)

W 05  Workshop

An Introduction to Mindfulness Practices: Managing Stress and Anxiety
Clare McVeigh (United Kingdom)

W 06  Workshop

Uncovering the power of extra-ordinary leadership – The leadership Challenge
John Sedgewick (United Kingdom)

W 07  Workshop

Gaining EDTNA/ERCA Accreditation for your Renal Education Program – What’s Involved
John Sedgewick (United Kingdom)
Theodora Khafkia (Germany)

W 08  Workshop – Physidia

Physidia

Home Haemodialysis – Getting a better quality of life for your patients
Aziz Abercane (France)
Veliana Todorova (France),
Matt Willans (United Kingdom)
Greig Johnstone (United Kingdom)
Cedric Poulard, Physidia (France)
Fredrik Thibblin (Sweden)

S 08  Round Table Session – Baxter

Baxter

Empower PD patients to Shared Care
Doctors Perspective
Thierry Lobbedez (France)

Nurses Perspective
Gail McMullan (United Kingdom)

The Perspective of the Multidisciplinary Team
Maria Arminda Tavares (Portugal)
Gail McMullan (United Kingdom)
Aase Riemann (The Netherlands)
Kalliopi-Anna Poulia (Greece)
Mike Kelly (Belgium)
Thierry Lobbedez (France)
COURSES

**C 01; C 02** Course
Hygiene, Infection Control and Prevention in Renal Care
Paul Challinor (United Kingdom)
Ivana Bartakova (Czech Republic)

**C 03; C 05** Course
Critical states during a dialysis treatment
Michael Stern (Czech Republic)

**C 04; C 06** Course
Violence & Aggression in Renal Care
Jaroslav Pekara (Czech Republic)

CORPORATE EDUCATION SESSION

**S 03** Corporate Education Session – Fresenius Medical Care

The Future of Renal Nursing: Patient Centered Care in the Digital Era
Maria Teresa Parisotto (Germany)
Ivana Lupomeska (Czech Republic)
Raquel Ribeiro (Portugal)
Marjelka Trkulja (Croatia)
Niklas Best (Germany)

DOPPS SYMPOSIUM

**S 05** DOPPS Clinical Symposium

Update from the DOPPS Program: Centering care around patients
Anna Martí i Monros (Spain)
Michel Roden (Belgium)
Marisa Pegoraro (Italy)
Jennie King (United Kingdom)
## Scientific Programme

### Saturday, September 14th, 2019

#### 16:00–17:45 Hall A1 + A2

**S 01 Plenary Session**

The EDTNA/ERCA Collaboration Program – Creating a long-term sustainable Association together with the Multidisciplinary Team  
Chairs: Edita Noruisiene, EDTNA/ERCA President (Lithuania)  
Anki Davidson, EDTNA/ERCA Marketing Director (Sweden)

- Awareness, understanding and treatment practices among health care professionals involved in managing cachexia in patients with end-stage renal disease  
  - Ilaria de Barbieri, EDTNA/ERCA (Italy)

- Assessment for Malnutrition – Subjective Global Assessment (SGA) for dialysis patients  
  - A joint project between EDTNA/ERCA & B. Braun  
  - Martin Meier, B. Braun (Germany)  
  - Kalliopi-Anna Poulia, EDTNA/ERCA (Greece)

- Home Haemodialysis – From the Patient Perspective  
  - A joint project between EDTNA/ERCA & NxStage  
  - Siobhan Gladding, NxStage (United Kingdom)  
  - Henning Søndergaard, (Denmark)

- Venous Needle Dislodgement – Is it necessary to report?  
  - A joint project between EDTNA/ERCA & Redsense Medical  
  - Sebastien Bailue, Redsense Medical (Sweden)  
  - Tai Mooi Ho Wong, EDTNA/ERCA (Spain)

- Cannulation Devices across Europe and its Implications – The final result of an International Survey  
  - A joint project between EDTNA/ERCA & Medtronic  
  - Andy Cox, Medtronic (United Kingdom)  
  - Maria Teresa Parisotto, EDTNA/ERCA (Germany)

#### 17:45–18:00

Coffee break – Saturday, September 14th, 2019

#### 18:00–19:30

**S 02 Opening Ceremony**

Conférencier and Master of the Opening Ceremony: Ilaria de Barbieri, (Italy)

- Guest Speaker lecture  
  - Improving Patient Outcomes Through Implementation Science: An Important Goal in Renal Care  
  - John Sedgwick (United Kingdom)

#### 19:30

Welcome & Exhibition Opening
### Sunday, September 15th, 2019

T. Vargáné Szabó, S. Keresztesi
Dialysis Centre, Fresenius Medical Care, Kecskemét, Hungary

E-P 083 Does the fast peritoneal equilibration test replace the standard peritoneal equilibration test?
Dr. Sadi Kouk Training and Research Hospital, Istanbul, Turkey

RISK MANAGEMENT & QUALITY IMPROVEMENT

E-P 084 Nephrological nurses and occupational exposure – how? when? why?
A. Trzcińska
1Medical University of Silesia, Katowice, Poland; 2Polish Nephrology Nurses Association, Katowice, Poland; 3Polish Vascular Access Club, Katowice, Poland

E-P 085 Quality management system in a haemodialysis unit and patient satisfaction
A. Kavalieratou, G. Garofyllou
Haemodialysis Unit, Konstantopoulou G.H. N. Ionia, Athens, Greece

E-P 086 Less is more – quality improvement through simplification
K. Dailey, D. Davison
Department of Renal Medicine, Royal Prince Alfred Hospital, Sydney, Australia

E-P 087 Introducing a falls risk assessment tool within the satellite haemodialysis unit setting
G. Cater, N. Beddows, G. Dewsnap, N. Ward, C. Poole
Fresenius Medical Care Renal Services Ltd, Kings Norton, Birmingham, United Kingdom

E-P 088 Improving correct hand hygiene compliance in dialysis unit
R. Hais
Hemodialysis, Assuta medical center, Haifa, Israel

E-P 091 Smart software application used in dialysis clinics – Workforce Management
C. Popescu, M. Preda
Medical, Fresenius Medical Care Romania, Bucharest, Romania

THE PATIENT EXPERIENCE

E-P 092 Travelling and Haemodialysis
A. Kavalieratou, G. Garofyllou
Haemodialysis Unit, Konstantopoulou G.H. N. Ionia, Athens, Greece

E-P 093 Is dialysis adequacy the determinant factor for the successful assessment of a treatment?
V. Zoi, N. Piliouras, A. Maniati, D. Siopi, V. Marinoupolou
Dialysis Unit, ATTIKON University Hospital, Haidari, Athens, Greece

E-P 094 The conscious decision of haemodialysis discontinuation in elderly and the nurse’s aspect
V. Zoi, N. Piliouras, M. Flevotomou, E. Bathra, V. Kiriakidis, V. Marinopoulou
Dialysis Unit, ATTIKON University Hospital, Haidari, Athens, Greece

TRANSPLANTATION

E-P 095 National transplant program in Montenegro
D. Pelicic1,2, M. Ratkovic3,2, D. Radinovic3, B. J. Nikolina4,5
1Center for Science, Clinical Center of Montenegro, Podgorica, Montenegro; 2Faculty of Medicine, University of Montenegro, Podgorica, Montenegro; 3Clinic for Nephrology, Clinical center of Montenegro, Podgorica, Montenegro;
4Department of nephrology, arterial hypertension, dialysis and transplantation, University Hospital Centre Zagreb, Zagreb, Croatia; 5School of Medicine, University of Zagreb, Zagreb, Croatia
E-P 096  Kidney transplant – a case study and dilemmas. What is right and what is wrong?
J. Rafaelov Atias, M. Shem Tov Alisha, Z. Gavish, R. Asulin
Nephrology, Rambam-Health Care Campus, Haifa, Israel

E-P 097  Assessment of health-related quality of life in kidney transplant recipients vs dialysis patients
V. Koutlas¹, M. Ikonomou¹, E. Tzalavra¹, Z. Delimitsou², C. Pappas², M. Mitsis¹, E. Dounousi²
¹Department of Surgery – Kidney Transplant Unit, University Hospital of Ioannina, Ioannina, Greece; ²Department of Nephrology, University Hospital of Ioannina, Ioannina, Greece

E-P 098  Dental care in dialysis and transplant patients
H. Klaric, Ž. Lubina, Ž. Lubina
University Hospital Zagreb, Zagreb, Croatia, Department for Nephrology, AH, Dialysis and Transplantion, Zagreb, Croatia

VASCULAR ACCESS

E-P 099  From the creation of a new AVF to full performances, our experience
G. Radakovic, S. Jandric
International Dialysis Centre Banja Luka, Fresenius Medical Care Bosnia and Herzegovina, Banja Luka, Bosnia and Herzegovina

E-P 101  Assessment of the knowledge hemodialysis patients have of the arteriovenous fistula and its care
M. Lukoševičienė, J. Kristopaitiene
B|Braun Avitum, Vilnius, Lithuania

E-P 102  Applying of rope ladder puncture technique in our dialysis network
R. Mogyorósi, K. Hohmann
Dialysis Centre Ltd., Fresenius Medical Care, Budapest, Hungary

THE EXHIBITORS

B. Braun Avitum AG
A family-owned company founded in 1839 in Melsungen, Germany, B. Braun today is one of the world’s leading healthcare companies with more than 63,000 employees working in 64 countries. The product range includes dialysis machines and dialysis consumables for chronic dialysis and acute dialysis. In addition to its role as a manufacturer of dialysis equipment, B. Braun is also an important provider of dialysis treatment. B. Braun operates more than 370 renal care centers. Additional care services such as holiday dialysis and pre-dialysis programs are offered in most markets.

Address: Am Buschberg 1, Melsungen, Hessen, 34212, Germany
Contact Person: Vanessa Hoehle
Website: www.bbraun-dialysis.com

Diasoft
MISSION – Our mission is to develop a patient care IT system for renal patients. In order to increase the quality of treatment and out of respect for each individual human being, Diasoft created and maintains a safe medical device. CORE VALUES – Respect for each individual | Focus on safety and privacy | Professional and independent in handling data | Dedicated to improve the quality of treatment | Easy to approach. QUALITY – Diasoft meets the medical requirements and safety standards and is a CE marked medical device. To guarantee the highest level of safety for the patient and the user, the software Diamant is classified as a Class II B device. This guarantees the highest level of patient safety. Diasoft has a certified Quality Management System compliant with ISO 13485:2016 and ISO 9001:2015 and an integrated Information Security Management System conform ISO 27001:2013.

Address: Klepelhoek 11, Leusden, Netherlands, 3833 GZ
Contact Person: Nicole van Rooijen

DIAVERUM
Diaverum is Europe’s largest product-independent renal care service providers and one of the world leaders in this experience in the area of dialysis. The high focus on medical quality, care management and the treatment of kidney disease, as well as its individual patient care focus, makes Diaverum unique. Today, 11,000 employees care for more than 36,000 patients in 20 countries in its 380 centres located in Europe, South America, Africa and Asia. Diaverum has its roots in Sweden. For further information, please visit our website: www.diaverum.com

Address: Hyllie Boulevard 39, Malmö, SE 215 37, Sweden
Contact Person: Michaela Blomstrand
Website: www.Diaverum.com
EMODIAL
Since its foundation, Emodial has been committed to develop what we call the “therapeutical alliance”, a model based on the direct cooperation between the main actors of the vascular access scenario: doctors, nurses, patients, patients associations, caregivers. Starting from the direct experience of patients, which Emodial collects through dialogue with them and with patient associations, the aim is to create solutions to accomplish its mission and its promise: improve the patient’s quality of life, raise healthcare standards, contain and optimize healthcare spending and reduce healthcare time and risks associated with it. Emodial develops advanced solutions for the vascular access management in hemodialysis, oncology, intensive care and parenteral nutrition: the Silver line of pads, plasters and pockets for CVCs, peritoneal catheters and PICCs releasing silver ions with antibacterial and anti-in pockets for catheter, for bath and shower.

Address: VIA G. FINATI 4/A, Ferrara, 44124, Italy

Fresenius Medical Care Deutschland GmbH
Fresenius Medical Care is the world’s leading provider of products and services for people with chronic kidney failure. We care for more than 336,000 patients in our global network of more than 3,900 dialysis clinics. At the same time, we operate 42 production sites on all continents, to provide dialysis products such as dialysis machines, dialyzers and related disposables. Along with this core business, Fresenius Medical Care provides related medical services in the Creating a future worth living. For patients. Worldwide. Every day. This vision guides us in our efforts to give our patients around the world a better life by offering them high-quality products and outstanding health care. In NephroCare, the international dialysis care provider network of Fresenius Medical Care, we developed our recipe for success to deliver value in renal care, for patients and for healthcare systems.

Address: Else-Kröner-Str. 1, Bad Homburg v.d.H., 61352, Germany

Innovative Health Technologies
IHT (Iberhospitex, S.A.) is a European company, based in Barcelona, with over 38 years of experience in healthcare technologies (1980–2018). We market our products worldwide. Our aim is to continue manufacturing high quality products, focusing particularly on dressings for wound treatment and skin care (Skin & Wound Care Business Unit) and less invasive treatment for cardiovascular disease (Cordynamic Business Unit).

Address: Avinguda Catalunya, 4, Lliçà de Vall, Barcelona, 08185, Spain
Contact Person: Dolors Cafete de Cárdenas

**Medow**
Medow develops innovative health care products that bring efficiency, comfort and joy by using design and colour. Our aim is to create a better health care by finding the small problems where our solutions will make a big difference. Medow’s first product IV-bracelet, is an easy to use bracelet to which blood lines can be attached to keep them and needles in place during dialysis treatments. The bracelet gives the patients a safe and comfortable treatment and at the same time eases the nurses’ work.

**Medtronic**
As a global leader in medical technology, services and solutions, Medtronic improves the health and lives of millions of people each year. We believe our deep clinical, therapeutic and economic expertise can help address the complex challenges — such as rising costs, aging populations and the burden of chronic disease — faced by families and healthcare systems today. But, we can't do it alone. That's why we're committed to partnering in new ways and developing powerful solutions that deliver better patient outcomes. Founded in 1949 as a medical repair company, we're now among the world's largest medical technology, services and solutions companies, employing more than 85,000 people worldwide, serving physicians, hospitals and patients in more than 160 countries. Join us in our commitment to take healthcare Further, Together. Learn more at Medtronic.com.

**NxStage Medical, Inc.**
NxStage Medical, Inc. is a leading medical technology company, headquartered in Lawrence, Massachusetts, USA, that develops, manufactures and markets innovative products for the treatment of end-stage renal disease (ESRD) and acute kidney failure. NxStage also has established a small number of dialysis clinics committed to the development of innovative care delivery models for patients with ESRD.

Address:  350 Merrimack Street, Lawrence, MA 01843  
Contact Person:  Colleen Moore  
Website:  [www.nxstage.com](www.nxstage.com)

**Peripal AG**
Peripal AG is a privately funded start-up from the ETH Zürich and the medtech industry. It's CE-marked innovation PeriSafe® is available for patients in EU countries and can help them to perform their daily peritoneal dialysis daily therapy at home. It guides the catheter connection without manual contact with the dialysis tubing and enables more patients to receive their therapy at home. Compared to hospital-based treatment, this would result in considerable healthcare cost reductions worldwide.

Address:  Limmatquai 112, Zürich, 8001, Switzerland  
Contact Person:  Martin Dubach

Physidia
Physidia is a French company created in 2010, with an expertise in the development, manufacturing and distribution of innovative technology for daily home dialysis. Physidia is present today in 16 countries, operating directly in France and The United Kingdom and through distributor partners in the rest of Europe. Physidia’s innovations are based on several technological breaking points, offering a robust, portable and connected device, whilst ensuring a performing treatment in total autonomy. Created by an expert team, Physidia S3 monitor has been specifically developed to respond to the needs of simplicity and safety of ESRD patients in home hemodialysis.

Address: 11–13, bd. des Bretonnières, Saint-Barthélemy d’Anjou, 49124, France
Contact Person: Veliana Todoraova

TauroPharm GmbH
TauroPharm GmbH is a life science company specialized in antimicrobial medical devices. One of the company’s core interests is to offer a safe and effective technology for locking central venous access devices (catheters and ports). TauroLock™, a non-antibiotic lock solution, which is capable of dramatically reducing catheter related blood stream infections (CRBSI) is free of side-effects. The active compound is taurolidine which is not an antibiotic, but a derivative of an amino acid. TauroLock™ is highly effective in eradicating bacteria and fungi and has been successfully tested on more than five hundred organisms, including multi resistant forms such as MRSA and VRE. It is to be used in dialysis, oncology, intensive care and parenteral nutrition. To improve catheter patency TauroLock™ products contain 4% citrate and in addition heparin or urokinase.

Address: August-Bebel-Str. 51, Waldbüttelbrunn, 97297, Germany

The organizers would like to express their thanks to Prague for its support
Patronage of the City of Prague for the 48th EDTNA/ERCA International Conference organised by EDTNA/ERCA Caring Together on 14th-17th September 2019 in Prague is taken on by

Zdeněk Hřib, M. D.
Mayor of Prague

in Prague on 27 August 2019
PRACTICAL CONFERENCE INFORMATION

Conference Badges
Each Conference delegate will receive a Conference badge upon registration. The Conference badge must be worn during the entire Conference to be able to enter the Scientific Sessions and receive education accreditation. On your badge there is a barcode which will be scanned when entering and leaving each session hall.

Credits will be assigned according to the information received from the barcode system. This information is also used for safety reasons to register participants who are in the building in case of emergency. Therefore, it is important you present your badge at each session hall.

Coffee Breaks
Coffee & tea will be provided during breaks. Lunch boxes will be provided on Sunday, September 15th and Monday, September 16th at lunch time breaks.

Internet
WiFi is free of charge, no password needed
Network: EDTNA/ERCA_CUBEX

Insurance
The Conference organizer cannot accept liability for personal injuries sustained or for loss or damage of property belonging to Conference participants, either during or as a result of the Conference. Please check the validity of your own insurance.

Conference Language
The Conference is being organized by an International Association with the goal of Education and Science. All oral presentations and posters must be in English. Special sessions might be organized in languages other than English and without translation. All hostesses and Conference staff speak English and other languages.

Sessions held in the main hall will be simultaneously translated from English into Czech.

The Team of EDTNA/ERCA
Our Team from the Secretariat, Membership & Conference Department will be available at the Registration Desk and in the EDTNA/ERCA booth to support you during the entire Conference.

Posters
E-Poster Stations are located on the 1st floor in the Exhibition Area.
Photo and Video
Participants are kindly reminded that taking photos and videos is prohibited at all oral presentations to reduce disruption for speakers and the audience. Delegates, exhibitors, sponsors, speakers and any other registered attendees of the 48th EDTNA/ERCA International Conference, Prague, Czech Republic, September 14th–17th, 2019 acknowledge the information that pictures, videos and sound documents are taken during the Conference on behalf of EDTNA/ERCA (Organizer), and may be stored, used or published for Conference Reports and/or future information to members and interested renal community. It shall be clear to attendees that photographs, sound or video recordings taken during the conference will include recognizable images or voices of those in attendance and that such material may be made available on the Associations website or may be posted in Social Media communicating about the Conference. As EDTNA/ERCA we do not prohibit participants, exhibitors, sponsors or media from photographing, video- or audio-taping some Conference activities. EDTNA/ERCA is not responsible for third party use of such materials. Any individual has the right to deny participation in photographs, video or audio recordings. A person always has the right to revoke any consent given for use and may ask to get complete information on such personal data filed and stored and can ask that audio-visual data on the person is deleted. The ownership remains at all times with the person on pictures or on voice or video recorded material.
