48th EDTNA/ERCA International Conference
Prague, Czech Republic, September 14th - 17th, 2019

Conference Theme
New Pathways in the Renal Setting - Caring Together by Integrating Modern Technology based on Knowledge & Education
PRESIDENTS MESSAGE

It is with great pleasure and pride that we invite you to join us in Prague next year where our 48th EDTNA/ERCA International Conference will take place. The theme of our Conference is ‘New Pathways in the Renal Setting - Caring Together by Integrating Modern Technology based on Knowledge & Education’.

At the 47th EDTNA/ERCA International Conference in Genova, 2018 our Theme of the Conference was ‘Global Approach to Renal Care Innovation - Balancing Compassion and Health Technologies’. Balancing our Compassion vs Technology is the first step, next one is the Integration of it, to make it happen. This is the background of the Theme in Prague, to be able to make a successful Integration of the Modern Technology based on Knowledge & Education. To get a continuity and consistency in our daily work at Clinics.

Our Conference will take place at the Cubex Centre Prague which is the new built Conference Center located in the business centre of Prague. Thanks to its unique and varied interior and modern building it is an ideal venue for organizing Conferences. Prague, the City of a Hundred Spires on the Vltava River is known all over the world and ranks among the most beautiful cities in Europe. Let yourself be tempted by the history offered by the city of Prague. The experiences that won’t be forgotten are awaiting you.

Please join us in Prague, experience our well planned Scientific Programme including Educational Sessions and Workshops. Meet our Industry Partners at the Exhibition, Share Experiences amongst each other, meet old friends, and extend your network by meeting new ones as well. We are very much looking forward to Welcoming you to Prague!

With very warm regards,

>Edita Noruišienė

ABOUT EDTNA/ERCA
The EDTNA/ERCA is a multidisciplinary organization for those working in renal care. For us, within our Association, it is about ‘Achieving the best level of education, standards and research for all renal care professionals caring and supporting their patients and families around the world’.

To be able to live by this Mission and the Purpose and Reason for being a true renal professional, we are a group of many people involved. Many tasks are split and shared amongst us, enabling us to become stronger and able to achieve our goals.

We always strive for Excellence in everything we do. Through our Global presence we have an Opportunity to share knowledge and experience not only at Conferences and Seminars but also through our Educational Program. The outcome of our Educational Program and Projects in Collaboration with our Partners shows the evidence of this. All this creates fantastic opportunities for everyone involved. Our strength is to focus on the unique competencies and experience of each and every individual to create a Caring Culture that brings out the best in us all.

The Conference is a forum for sharing the best research and innovations in practice and helps in initiating and promoting quality renal research and practice around the world. The Conference is a showcase for the latest technology and innovation in the treatment of Chronic Kidney Disease.
