

XXIII EDTNA/ERCA Seminar in Spain

The XXIII EDTNA/ERCA Seminar in Spain took place at the Fundación Jiménez Díaz in Madrid, 11-12 May 2017. With the theme of 'Scientific Evidence'.

The meeting place was aula Magna, it is an important and a very special place for the Spanish Nephrology since 1955.

Nearly one-hundred delegates and speakers attended from several units in Spain, which demonstrated encouraging growth in the event of difficult economical conditions. It shows the level of importance of this topic.

Speakers presented on a wide variety of subjects. Vascular Access through the Guides of clinical practice, Eco Doppler, Nutrition, Evolution and New Technology renal care. More issues were conservative Palliative Treatment, Virus C

negativized, Catheters, Peritoneal Dialysis and got rounded off with an interesting presentation of Adsorption in a Haemodiafiltration.

Maria Cruz Casal, Executive Committee Supervisory Board Member presented an overview of EDTNA/ERCA activities and current projects making an emphasis on Diaverum Spain "Holiday Dialysis" Project and the Travel Guide for Patients distributed to all attendees.
