

Latest Update from the Brand Ambassador Sweden 2017

LATEST UPDATE DURING 2017

Dear Colleagues,

My name is Nils Andersson, and I am the new Brand Ambassador for EDTNA/ERCA in Sweden.

I have only had this mission for a week, so I have not yet left a notable footprint in the Association. It is with great humility and great expectation that I take on this important assignment and I do hope to see you all at the SNSF Spring Meeting in Linköping, Sweden in May and at our Annual Conference in Genoa in September, so we have a chance to get to know each other better!

A small presentation of myself is well in place:

I finished my nursing training in 1996 and have since that been working in a renal ward, in haemodialysis and in intensive care at Karolinska University Hospital in Stockholm. I also lived for a year in London where I worked with hemodialysis and at the renal ward in King's College Hospital in London. Since 2009 I am back in Haemodialysis at Karolinska University Hospital again.

I would like to thank my predecessor Sophie Halldin for the support and encouragement she has given me since I assumed this challenge!

Sincerely!

Nils Andersson
