

## The “6th Osijek days”– A nephrologic Symposium

The “6th Osijek days”– A nephrologic Symposium

The “6th Osijek days”, a nephrologic symposium was held in Osijek from May 17th to 19th. This event also marked a 50th anniversary of hemodialysis in the Clinical Hospital Centar Osijek. During the symposium, selected topics from hemodialysis, peritoneal dialysis and kidney transplantation were presented.

The symposium was attended by 60 nurses from all hemodialysis centers in Croatia. They had the opportunity to observe novelties in achieving a better quality of life for the patients with CRD. They were also informed by BA for Croatia on research and programs conducted by EDTNA/ERCA.
